Use LANline for your market communication.

**Your advantages:**

- a credible environment
- high reach
- high utility value for your target groups

**IT - Network - Datacenter**

LANline has been established in the industry for more than 30 years and is the renowned trade journal for computer networks, IT infrastructure, and data and telecommunications systems. The focus is on data center infrastructure and IT and OT cabling, among other things, which is also an indispensable basis for the new 5G networking.

Other important aspects of the vendor-independent and objective reporting are IT security and technical IT management in all its facets. Readers can find their information about the industry and technology in the monthly print edition, in the e-paper, daily updates online, in weekly e-mail newsletters, and in all important social media channels.

The LANline portfolio also includes specialist conferences such as the **Tech Forums** for the cabling environment and the **Datacenter Symposium** for the complete data center infrastructure, as well as virtual theme days and top-class web seminars.

**Target group:**

The reader community includes system administrators, IT managers, network and data center managers, cabling specialists, general managers, CIOs, CTOs, security managers, TC specialists and network service providers.

**With LANline, you reach directly decision-makers from user companies in a high-quality editorial environment!**

Total distributed circulation: 35,050

The LANline Tech Forums are held at various locations in Germany and Austria and are attended by up to 400 participants. As established events in the cabling industry, they provide highly relevant answers to questions from the network environment and offer an excellent opportunity for every participant to learn about all new developments in technology, standardization and products in technical or product presentations. The focus is on:

- high-quality and manufacturer-neutral technical presentations
- solution-oriented insights into current developments
- accompanying trade exhibition

In addition, there will be sufficient time for networking within the industry community with top-class representatives of the manufacturers as well as with colleagues from planning, implementation and operation of the cabling infrastructure.

THE TESTLAB

Over 20 years of testing expertise – From experts for experts

We test your products and document their quality metrologically and with database support. On request, we can prepare further expert reports, such as a usability test or a competitive benchmark.

Our product check is particularly exciting: you will receive a valuable certificate including a detailed laboratory report if your product has met at least 66% of the laboratory criteria.

YOUR ADVANTAGES

- decades of market knowledge
- modern test architecture and measurement technology
- unique test procedures
- product database supported competitive analysis

Hard, transparent and fair testing:
Use the expertise and quality of our Testlab to learn everything about your product.

Usability check/FFU
You want to bring a new product to the market but you are unsure how it will be received by the customer. Ask Testlab for a usability check/fitness for use test.

Product check
Your product is one of a kind and you like to prove it: The Testlab product check provides the end user orientation in a more and more non-transparent supply of accessories. Obtaining the Testlab certificate is to be assessed as a quality characteristic.

Product test
You want to know all about your product before going to market. Then a product test covers usability check, product check and all relevant technical measurements for you.

Product competition analysis
Is your product ready to succeed? We will find the answer: We author an objective ranking of your product in comparison to the market competition based on customer needs, including an estimation of the market chance based on the technical parameters. We use a complex and extensive database that covers all products relevant to the market, some of them with more than 400 KPIs. Our facilities enable the objective rating of all technically relevant parameters.

You expect from your marketing: impact and result. You get from B2Impact: only that. To achieve your communication goals, we always choose the most direct route. This path can lead via content marketing strategies, creative services such as events, or via targeted print and online campaigns. Because what works is what’s right.

Story services
Produce relevant, useful content is a must for B2B companies today. Because content has become the central criterion for business success. As a unit of a publishing house that publishes print and digital trade media for the electronics, automation, communications, medical, logistics, automotive, construction & buildings, and industrial sectors, we know the content needs of a B2B audience that expects texts to provide value and orientation. Producing good stories for thematic niches is our job - and your added value when you commission us to create high-impact stories. That’s because we combine the in-house expertise of our editors and experts at WEKA FACHMEDIEN to create your content. And most importantly, we also optimize your existing content so that it performs better.

Content campaigns
Content marketing turns your marketing itself into a product. To ensure that your content is also consumed and thus creates impact with your customers, it must be embedded in a holistic content marketing strategy. Whether cover stories, online advertorials, editorials from defined topic worlds, customized newsletters, reader tests, employer and company profiles, success stories or social media posts. We design integrated print and digital campaigns, using the entire spectrum of formats from text to image galleries to video in a targeted and resource-efficient way, seamlessly fitting the campaign into your marketing strategy and playing out the content either in our print and online media or on your content hub.

Cross-industry media planning
Benefit from our numerous media brands in the form of cross-target group and cross-industry media planning within WEKA FACHMEDIEN. Print, online, social media, events.

Corporate publishing
For us, your content is king! From research to graphics, proofreading to handling printing, we’ll be happy to take care of all the steps up to publication for you. You decide whether your magazine will appear in the look and feel of our media brands and will also be distributed via our print and online distribution channels. As an e-paper, on the website and in the relevant newsletters. Or we can design your own company-specific layout and you decide on the distribution and communication channels.

Event marketing
Arousing positive emotions and transferring them to your company is best achieved with live marketing. As organizers of more than 50 trade congresses and conferences per year, we know how to select and inspire the right target groups for your B2B event. With our expertise and experience in packaging even very cutting-edge topics in exciting event formats and creating a coherent experience for your target group, from the choice of location to the speakers, we ensure experiences with results. Not only live, but also in virtual formats.

Translations
Professional translations are becoming more and more important with increasing internationalization. Have your documents such as marketing materials, operating instructions, or data sheets translated by our service providers, using the correct technical terminology.
